

KLO VISION

what we believe

Ecole KLO Middle School, in alignment with our BC curriculum, seeks to create a culture with learners at the center, who actively learn and thrive with a sense of **belonging** and **purpose**.

how we achieve

I inquiry

nurture a dynamic process of being open to wonder as we explore, persevere and understand the world

I diversity

embrace individuality and inclusion in order to make school communities and society as a whole more equitable for all people

I innovation

engage creative and critical thinking through design processes in order to generate new ideas

I skills

foster digital, creative and academic competencies needed to transition successfully into higher education, the workforce, and our society

I integrity

empower courage, honesty and respect for all in our school, our community and our planet

I wellness

cultivate a holistic balance of emotional, intellectual, physical and social well-being and growth
