STUDENT LEARNING SURVEY FOR GRADE 7 PARENTS

Please take a few minutes to complete the BC Student Learning Survey (SLS).

The SLS provides feedback on the implementation of the curriculum changes, learning environment, student wellness and satisfaction, student belonging and engagement, and career preparation. The SLS is the only source of province-wide information about students' learning experiences through the perspectives of students, parents, guardians/caregivers, and school staff. Schools and districts use the SLS to make informed decisions around long-term planning and goal-setting, and in providing individual students personalized support.

[HERE](#) is a letter with more information regarding the survey.

[HERE](#) is the link to the survey.

Thank you for your support with this.

Tru Earth sells laundry detergent, fabric softener, surface cleaner, toilet bowl cleaner, and dishwasher detergent pellets, in addition to other "earth friendly" reusable products such as grocery bags, dryer balls and food wraps etc. The products come in a variety of size formats, so purchasers can give it a try without a huge expense.

Opinion: Top 5 Benefits of Being Involved in Your Child's School PAC

"Involvement in your PAC will help you stay connected with your kids and the school," says PAC volunteer Nicola Baker.

With another school year already upon us, here are 5 reasons to consider getting involved with your school's Parent Advisory Council (PAC):

1. **HAVE A SEAT AT THE TABLE:** Whether you are an elected member or a participating parent, you get a vote and can give voice to school budgets, decisions, and programs that directly impact your children.
2. **EXERCISE YOUR PASSION:** Whether it's building an outdoor learning centre, launching a new sports academy, or adopting a school-based healthy eating program, the possibilities are endless to contribute to projects that will enhance your child's educational experience.
3. **STAY IN THE KNOW:** When you participate in your PAC, you're at the front-end of decisions, ideas, and events coming from the school principal. Advance knowledge gives you the opportunity to influence the direction of decisions that might impact your children.
4. **SUPPORT THOSE WHO SUPPORT YOUR CHILDREN:** We're so fortunate in the Okanagan to have teachers, principals, support workers, and administrative staff all working together to provide a world-class public education experience. Parents who support and recognize staff contribute to students' educational experiences and outcomes.
5. **BE A ROLE MODEL FOR YOUR CHILD:** By showing up as a parent volunteer — even for an hour or two a month — you model powerful values such as community service, democratic participation, and civic duty. Your children get to see you at your best...building a stronger school community for them!

It's never too late to join your school PAC. Whether it's mid-year or your child's last year of high school, PACs are a welcoming place that will embrace your unique talents. Joining your PAC is straightforward- contact your current PAC Leadership or reach out to your school principal to express your interest.

Nicola Baker is parent of 2 elementary school students in Kelowna and volunteer President of the Central Okanagan Parent Advisory Council.

For more information on PAC Leadership resources
and supports for students and families visit the COPAC website.
